Nearly 100 trainees participated and exhibited 15 creative models in respective trades including models of operations of Vedanta across the world. Certificates and prize distributed to the winners during this occasion.

Young people, almost three times more are likely to be unemployed than adults and are continuously exposed to lower quality of jobs, greater labor market inequalities, and longer and more insecure school-to-work transitions. In addition, women are more likely to be underemployed and under-paid, and to undertake part-time jobs or work under temporary contracts. To train the youth both men and women, in particular skill to develop them to get employment opportunity as well as to become entrepreneurs, Sterlite Copper runs Tamira Muthukkal Project for last four years.

**Disclaimer**

This press release contains “forward-looking statements” - that is, statements related to future, not past, events. In this context, forward-looking statements often address our expected future business and financial performance, and often contain words such as “expects,” “anticipates,” “intends,” “plans,” “believes,” “seeks,” “should” or “will.” Forward-looking statements by their nature address matters that are, to different degrees, uncertain. For us, uncertainties arise from the behaviour of financial and metals markets including the London Metal Exchange, fluctuations in interest and or exchange rates and metal prices; from future integration of acquired businesses; and from numerous other matters of national, regional and global scale, including those of a political, economic, business, competitive or regulatory nature. These uncertainties may cause our actual future results to be materially different that those expressed in our forward-looking statements. We do not undertake to update our forward-looking statements.
