**Global invitation for Expression of Interest seeking partners to provide solution to transport 800TPD Gaseous Oxygen produced at Sterlite Copper, Tuticorin**

Vedanta Limited, a subsidiary of Vedanta Resources Limited, is one of the world's leading diversified natural resources companies with business operations in India, South Africa, Namibia and Australia. Vedanta is a leading producer of Oil & Gas, Zinc, Lead, Silver, Copper, Iron Ore, Steel, and Aluminum & Power in India. Good governance and sustainable development are at the core of Vedanta's strategy, with a strong focus on health, safety and environment, and on enhancing the lives of local communities.

As part of our continued commitment to the society, during this Covid-19 pandemic, we have started producing medical oxygen from our Sterlite Copper unit at Tuticorin. Medical oxygen produced at Sterlite copper is 100% allocated to Government and the entire supply is free of cost basis. Oxygen unit at Sterlite Copper has total installed capacity of 1050 TPD and the existing infrastructure has the potential to transport 200-250 TPD medical oxygen to various hospitals.

To utilize the balance capacity of the unit for the medical usage, we are looking for business partner to study and provide solution to transport 800TPD oxygen which is available in gaseous form at 4.5 bar pressure. A detailed Expression of Interest has been uploaded on the website and can be accessed at web link <http://www.sterlitecopper.com/tenders>

Interested suppliers and service providers who can deliver the project on fast track basis and having proven track record may go through details provided in the below mentioned web link and send their EOI along with their company profile, client list and other necessary credentials as stated in the web portal to [tutenders@vedanta.co.in](mailto:tutenders@vedanta.co.in) on or before 18:00hrs, 20<sup>th</sup> May 2021.
